

# How to Create a ProView Desktop Shortcut

Login to ProView at [next-proview.thomsonreuters.com](https://next-proview.thomsonreuters.com)

## Microsoft Edge

- Click on action menu (⋮)
- Apps
- Install Thomson Reuters ProView

## Google Chrome

- Click on > action menu (⋮)
- Cast, Save and Share
- Install Thomson Reuters ProView

## Mozilla FireFox

- Click on the **LOCK** icon in the address bar and drag it to the desktop to create the shortcut app

## Mobile or Tablet

- Tap the share icon on your device (📎)
- Tap **Add to Home Screen**
- Tap **Add**. On screen instructions will also appear the first time you download a title.
